Overview

With the opening of the International Airport in 1971, this archipelago of 115 islands in the Indian Ocean off the coast of East Africa became a hub for distant tropical tourism. Home to numerous beaches and coral reefs, there is hardly any seaside activity that one can't find in the islands of Seychelles. Moreover, it is an abode to a bunch of rare equatorial creatures as well, like the giant Aldabra tortoises. An epitome of natural beauty and cultural potpourri, Seychelles is a dream destination for anyone who is seeking to spend a week or so in utmost tranquillity. The white sand beaches, lined by lush hills in one side and lapped up by the azure blue waves of the Indian Ocean on another, are the biggest attractions of Seychelles. Praslin and Silhouette Island have the most idyllic beaches among the whole cluster, other than Mahe. **10 days in Seychelles** are like a dream worth living. Mahe, home to the capital of Seychelles, Victoria and the beautiful rainforest Morne Seychelles National Park, is the most visited island among the clusters. That is where you will be arriving on your first day in Seychelles before riding a ferry boat to Praslin. The island of Praslin is home to the most beautiful beaches of Seychelles, as well as the lovely Vallee de Mai Nature Reserve. During **10 days in Seychelles**, you will be visiting both of those attractions and also indulge in some local cuisine tasting. During **Seychelles itinerary 10 days**, there will be a day's stay at La Digue before you make your way back to Mahe. This is the most popular island in the country, and also most visited. Mahe's Anse Ro Beach is like a postcard picture, set against emerald greens of the forests and the crystal blues of the sea. You will be visiting some other attractions here too, some of which throw light to Seychelles' interesting French history.
